

WHO IS MY NEIGHBOR

you are here

know your neighbor

Use the Neighbor map as a tool. In the next three weeks, can you fill in the names of those who live around you?

one small step

A small gesture can make a big difference! You don't need to take all the steps, just the next one:

Learn a specific neighbor's name

Invite a neighbor over for dinner

Bring cookies + engage in basic conversation

Run errands for a neighbor in need

care before you share

Ask your neighbors thoughtful questions and share honestly about how you're doing, too.

How are you and your family doing in light of all the changes?

How has this impacted your routines?

Have you noticed any silver linings in the midst of this crisis?

Is there anything you need or that I could help with?

create community

Create a neighborhood Facebook group, sign up for NextDoor, or keep it simple and compile a neighborhood contact document to share.

Plan a neighborhood block party, grill out, or a special holiday event.
